M: Mobile (07354 472152)

My Address, Dundee DD1 T89

Personal profile

I am Nicolas, an aspiring Software Developer and second-year Computer Science student at Dundee University. Working on my skills with Python, Java and more. I excel at problem solving and team communication, as getting task done on time is an honour. I am looking for an internship or job to further my experience.

Skills

- Java
- Python
- Teamwork
- Problem solving

Education

BSc (Hons) Computer Science
University of Dundee, Dundee, UK

Sept 2024 – Present

- **Relevant Modules**: Multi-Paradigm Programming, Software Engineering, Database Systems, Software Development, Embedded Systems, Data Structures
- **Expected Graduation**: June 2028

Additional Information

- Joined a rocket club for one of my projects. We were tasked to launch a rocket and make it reach a specific height (no more no less). It was challenging as we

needed to design an aerodynamic rocket and build it ourselves, but we managed to overcome it through technical ability and our collective effort/cooperation.

Interests and Activities

- I do some coding in LUA as a pet project but it's personal thing.
- I watch coding and tech tips on a weekly basis, as well as some light reading.
